

THE DOUCET ADVANTAGE

Why choose Doucet Clamps

When making a machinery-purchasing decision you have to compare and decide what is best for you. We at Doucet are proud to offer you the peace of mind that comes with a sturdy industrial product built for years of trouble free operation. If you are looking for a Clamp Carrier, a Door Clamp, a Drawer Assembly System or a Glue Applicator, you are definitely at the right place.

A Tradition

Founded in 1974, Doucet Machineries Inc. is providing a broad range of value-added machinery solutions for the woodworking industry. All our equipment is designed, built and our customers supported by our dedicated workforce in Daveluyville, Quebec, Canada. Our day-to-day efforts are backed by an extensive network of Machinery Distributors throughout North-America.

Design Philosophy

While some manufacturers focus design on "cost optimized" solutions, Doucet's our guiding principle is to develop and market products that are user friendly, durable and that will remain serviceable throughout their useful life. Doucet clamps offer you that extra squeezing capacity that helps you achieve the desired results quickly and efficiently. You would not buy a car with just enough horse power to travel at highway speeds, why make a compromise when buying a panel or a door clamp?

Doucet Clamps

All the components on Doucet Clamp work in harmony to offer you consistent clamping results. Doucet Clamps will offer you the longest life expectancy under any workload conditions.

Warranty, Service and Parts

manufacturing process.

With most of our gluing and clamping systems, you receive the leading warranty package in the business... a full 3-year warranty on parts and workmanship. With this commitment, you can rest assured that we have made the right component choices to offer you more uptime than anyone else in our industry. In the unlikely event where you need critical parts, these are shipped UPS overnight every afternoon.

Thank you very much for considering the purchase of a Doucet Machine. Do not hesitate to contact us at 1-866-673-8876 or at 819 367-2633 to learn how Doucet can help you automate your
